# DEFENDER™ MOORING COVERS

- Designed to fit tightly under rub rail without snaps or other fasteners
- Held tight with a ratchet tension system
- Installs “in-water” in minutes
- Extra-long zippered cleat cutouts for tying boat to dock
- Made from strong and durable yet lightweight solution-dyed polyester fabric — allowing cover to fold easily and store in a small compartment

## ★ PLUS, GREAT FOR TRAILERING & STORAGE!

- Towable under high-speeds, when tensioned properly and with extra safety straps incorporated
- Will protect the boat and everything inside from all weather elements
- Tensioning feature helps keep out most problematic animals or bugs during storage
- Interior and gear is safely protected by a cover that requires no fasteners and is easy to take on and off

## EASY 1-2-3 INSTALLATION & MORE!

*Integrated bow scoop*

*Support pole w/integrated sleeve*

*Simple ratchet system*

- 1) Integrated bow scoop on the front of the cover forces it to automatically register itself on the bow of the boat
- 2) Telescoping support pole comes in a new integrated sleeve, making positioning and deployment quick & easy

- 3) Simple ratchet system in the rear is tensioned so the cover fastens under the rub rail

**DONE! READY FOR MOORING,  
TRAILERING OR STORAGE.**

### AND THAT'S NOT ALL...

*Extra-long zippered cleat cutouts*

*High-speed safety straps*

*Vented for breathability*

- No snaps!!
- Extra-long zippered cleat cutouts make tying the boat to a dock hassle free
- High-speed safety straps incorporated for extra hold under trailering conditions

- Vented to allow cover to breath
- When a matching Ameritex bimini top is used, cut-outs allow installation without removing the bimini, eliminating extra work and upholstery damage
